WHY COMPLAIN OF ENORMOUS Gas Bills?

Guaranteed Reduction of

15 to 40 Per Cent.

THE REMEDY

in the hands of every gas consumer, by attachment to their meter of

SLEEMAN'S AUTOMATIC GAS-SAVING GOVERNOR.

Can be attached to any gas meter in 30 minutes. They equalize the pressure to five tenths, whether one or 100 burners are lighted. The automatic action of valve cuts off excessive street pressure when lights are extinguished, thus preventing all wastage and bad odors from leaky pipes. They remedy smoking and "blowing" burners; insure complete combustion; increase brilliancy of light: permit no waste gas; no poisonous vapors; no vitiated atmosphere. SAVE THEIR COST EVERY THREE MONTHS!—equal to 400 per cent. per annum. Entire metallic construction, simple, efficient, durable. Indorsed by highest commercial, mechanical and expert authorities. OVER 5,000 IN SERVICE. Warranted for 5 years.

The Gas Governors you attached to our meters have effected a very large saving in our bills for gas, besides giving a more steady and uniform flame, and are in every way satisfactory. After trying several others, I fully recommend your machine as the best Gas Governor I ever saw. Yours respectfully, HARRY MINER.

HARRY MINER'S

AMERICAN DRAMATIC DIRECTORY

FOR THE

SEASON OF 1884-'85.

A complete Directory of the Dramatic and Operatic Professions and a Guide to the Opera Houses, Theatres and Public Halls of America.

TOGETHER WITH MUCH OTHER

INFORMATION OF VALUE TO THE AMUSEMENT PROFESSION.

HARRY MINER, EDITOR.

NEW YORK:
WOLF & PALMER DRAMATIC PUBLISHING COMPANY,
NOS. 81 AND 83 ELM STREET.

1884.

Entered according to act of Congress in the office of the Librarian of Congress, at Washington, D. C., October 30, 1884, by Harry Miner.

PREFACE.

IN compiling and presenting this work to the public I have endeavored to fill a hitherto vacant place in the useful department of American libraries.

The growing popularity of the Stage, and almost universal desire to become better acquainted with things theatrical, convinced me several years since that a Directory would be not only eagerly sought after, but, if accurate, greatly simplify the labors of both managers and agents. I accordingly instructed the agents and managers of my various combinations to forward from time to time correct information regarding theatres, halls, hotels, railways and steamers to the office of the People's Theatre, where I carefully revised and arranged the volumes of matter thus collected; and I take this opportunity to furnish them for the use of the public in general, and the theatrical profession in particular.

Having a regularly organized staff of traveling managers and agents constantly employed in the working of my amusement enterprises, and being in communication with the leading representatives of the Theatrical World, I enjoy advantages that enable me to make the work I have undertaken more thorough and complete than any Guide or Directory ever published in America.

The routes around the world, capacity of public buildings, distance and census tables have been gathered from reliable sources, and if they prove as useful to my readers as they have been difficult to obtain, I shall be amply repaid for my time and labor.

Very truly yours,

HARRY MINER.

Poona, Simla and **Seconder Abad** are hill stations or sanitariums, but they are too expensive for any but small parties. The natives will not patronize anything but a circus. A Hindoo, Mohammedan or Parsee Chief will sometimes give a large sum for an English company to play at his palace on great nights. The BRILLIANT and CHARMING YOUNG ACTRESS

Miss Bella Moore,

Starring Season of 1884-'85,

As Sincerity Weeks, in A Mountain Pink.

She has acquired all the fine arts of acting, which, added to her natural graces, a thorough love for her adopted profession and a large amount of that quality termed genius, combine to make her a finished actress. She is an ideal "Sincerity Weeks," pretty, graceful and romping without being rough or coarse. At the close of the first act, during which she was eyed with critical, though friendly interest, the house stormed at her in an ecstacy of delight, and the curtain had to be rung up a number of times before the audience would be satisfied.—[Cincinnati Times Star

As "Galatea" she surprised even those who had predicted for her the greatest success. Following directly her performance of the "Mountain Pink," it afforded the young lady an excellent opportunity for the display of a versatility which, it may be said, is a remarkable peculiarity of her talent. In the beautiful and statuesque "Galatea" one would hardly have discovered a single trace of the wild, untutored "Sincerity Weeks," nor have believed the actress in the one to be the same in both.—[Cincinnati Commercial-Gazette.

Miss Bella Moore, who is the star of the company, is a young lady who displays a great deal of talent of the Lotta order. She has a voice somewhat like Minnie Maddern's in its pathetic tones, but is in many respects a cleverer actress than Miss Maddern. She is modest in her actions, although possessing considerable chic. She sings and dances well. [Louisville Commercial.

She has an expressive face, a light, willowy form, and is at all times quite natural in all her actions. She is full of energy, and in her desire to please does not at any time overdo. Her singing was clever and her selections taking. Miss Moore is a success as "A Mountain Pink." [Cincinnati Enquirer.

Miss Bella Moore, the pretty little star won every heart by her beauty and her acting. [Louisville Courier-Journal.

A Page Solely to the Profession.

Members of the profession and managers have felt the need of some systematization of the dramatic profession in America, which would enable them more readily to negotiate engagements and to find the peculiar talent which their various productions demand. Such a systematization is the design of that portion of the Directory devoted to the profession. Every intelligent person interested in the actor's art has deplored its irregular and unstable character, and its annually recurring period of anxious negotiations between the close of one season's engagement and the opening of the next, has always been an unusually trying feature of the business to the actor himself. It is intended to make "The Professional Directory" a guide for managers and the profession, so that they may negotiate with and secure the talent they desire for the following season previous to the close of the current one. This, we feel assured, will go far in contributing a comfortable feeling of security in the actor's employment, and will remove the necessity of his spending the usual (and notoriously uncomfortable) Summer upon "The Rialto," enabling him to give his vacation to recuperation, rest and the mental improvement which success in his exacting art absolutely demands.

The Professional Directory this season is very far from complete and perfect; indeed, in the short period within which the whole Directory was compiled (less than eight weeks) it was impossible to perfect it, and hardly more was contemplated than to prepare for the next annual edition by exhibiting how useful such a Directory might be. From necessity it is this season a subordinate feature; but in following editions this Professional Directory will be made the leading feature. With the cordial co-operation of the profession it can be made all and more than has been contemplated.

The Directory will hereafter be issued each year between the 1st of August and the 1st of September, due notice being given through the dramatic papers of the exact date. Each member of the profession is requested as soon as he or she has made an engagement for the season of 1885–'86, to forward to this office the following facts: *Name; line of business; company engaged with* (season 1885 '86); *home or permanent address*. If no engagement has been made up to August 1st, send all the above facts, with the exception of "company engaged with." Members of the profession are particularly requested to make it a point to forward their information at the earliest possible date, as they can thereby insure its insertion and also lessen the vast burden of work which the compilation of the Directory entails, all of which is very largely increased when returns are not received until the last few days previous to publication. For the reception of this information, and for the purpose of extending information which cannot be obtained from other sources, the office of the Directory will be open throughout the year; and the publisher desires to assure each member of the profession that whatever information can be given will be most cheerfully extended.

Annoyance and inconvenience from mistakes in names and addresses can only be avoided by each person taking extreme care that letters of proper names and figures of addresses be plain and unmistakable. This will be recognized as an important point when it is recollected that there are no data for its revision but the information given. In giving addresses, that one should be given through which mail will reach you with the least possible delay during your season upon the road.

An important feature of the Theatre Directory to the profession is the guide it contains to the hotels of the whole country. Their names and rates will be found at the end of, and separated from, the data given about each town. This is deemed a feature of peculiar value, and with the ample time which a year affords the profession can be promised that it will be as nearly perfect as possible in the next annual edition.

The rates given as "special rates" have been furnished by those hotels as their special reduction to the profession; and we specially request that any charges above the rates given should be promptly reported to this office

It is already apparent that the demands for advertising space in the next edition will be very large, hence members of the profession who contemplate advertising will secure more desirable positions by early applications for space.

Finally, the Directory exists solely to advance the interests of the profession; its aim is to aid you and advance the actor's art. Its design can be accomplished only with your hearty co-operation. No charge will be made for the insertion of the information requested, and the price of the book will be kept within the reach of every member of the profession.

To Managers of Combinations and Theatres.

The "Theatre Directory" has been prepared with the view of serving the interests of both combination and theatre manager. Its design is to give to the manager of a combination every fact about a town or theatre which he must know, or which it is desirable he should know before booking his attraction. To be useful to him, the Directory must be absolutely reliable, unexaggerated, complete and correct. When it ceases to be relied upon by combination managers, it ceases to be useful to theatre managers. To make it absolutely reliable the same system *must* be observed with each and every theatre. It is obvious to managers of theatres who receive the annual information blanks that our system should be rigidly observed in making returns.

Every inquiry has been based upon the experience of twenty-six years upon the road, and each one is in reference to some detail which a shrewd and intelligent manager will demand. *Specific answers* must hereafter be made to each inquiry. To such inquiries as "size of stage" "number sets of scenery," "number of sheets bill poster can accommodate," etc., such answers as the following were frequently made: "Large enough for any play," "full stock," "complete stock," "abundant," "any amount," etc., etc. When managers of theatres reflect that the basis upon which such a reply is made varies as widely as do the theatres themselves, it will be apparent that such answers are next to worthless to combination managers. As far as possible they have been excluded in the present edition, and in subsequent editions will be excluded entirely.

To make the Directory subserve the interest of the combination, manager is to make it subserve the sole and only interest of the theatre manager; hence the necessity of adhering rididly to the above plan; and, by doing so, the manager of a theatre will most advance his own interests.

The Directory will hereafter be issued annually at some date between the 1st of August and 1st of September. We should be promptly advised of any changes in your houses. The office of the Directory will be open throughout the year for the receipt of such information, and to extend to patrons any information that may be requested. The returns for the edition of 1885-'86 cannot be in too early.

The Directory has already firmly established a footing, and is destined to be a permanent institution of the amusement business in America. Therefore, managers of theatres should make it a regular part of the preparations for a subsequent season to properly prepare and revise for the Directory the details of their theatres. Each year managers will find it renewed, revised and enlarged, with new features that will not only make it desirable to possess, but will make it necessary that a careful revision and addition of details be made.

Managers of combinations will confer a special favor upon the publisher by reporting all cases in which details of theatres or towns have been incorrectly given, misrepresented or exaggerated. It is the aim to make the Directory a *reliable guide*, and co-operation is quite as much to your interests as to that of the publisher. The cost of the work is such that little profit can be realized at the low price at which it is sold. Nevertheless, it has been determined to retain the original price, so that the work may extend its benefits to even the humblest member of the profession.

From present indications, the edition of 1885-'86 will reach fully 10,000, and advance applications for advertising space are already numerous. Therefore, managers of theatres and managers of combinations who contemplate advertising, will find it to their interest to make early application so that they may secure desirable space.

Freund's Weekly.

A Review of Music and the Drama.

PUBLISHED EVERY SATURDAY

At 835 BROADWAY, NEW YORK.

JOHN C. FREUND, - - - Editor.

ITS PRINCIPAL AIM.

While it is read by the most intelligent and refined members of the dramatic profession, FREUND'S WEEKLY reaches a very large class of musical people who do not read any other dramatic paper. While it aims to be, above all, a **NEWS**paper, it rejects the scandals of the profession, which can only be enjoyed by those who wish to degrade the stage or see it brought into disgrace. It deals fearlessly and without favor with all subjects relating to the kindred professions. By excluding from its columns coarse abuse, vulgar praise and the prurient sensationalism of the daily press, it aims by example to elevate the standard of public taste by dealing with artists solely in their relation to art. It is only necessary to compare it with other papers of its class to convince intelligent and refined readers—the only class it caters for—that it contains the best features of all without those which disgrace dramatic and musical journalism.

ITS PRINCIPAL FEATURES.

COULISSES CHAT—FREUND'S WEEKLY makes a special feature of musical and dramatic **NEWS**, both original and selected, covering every important city in the United States, Canada and Europe, carefully classified under the following departments:

I. MANAGERS AND AUTHORS, identified with the profession who do not appear upon the stage.
II. MUSICAL NEWS, concerning all combinations, except those identified with the dramatic stage.
III. DRAMATIC NEWS, including minstrel troupes and specialty combinations of the best class.
IV. THE FOREIGN STAGE, including both the lyric and spoken drama.

CORRESPONDENCE—Covering every city and town in the United States and Canada possessing a theatre or opera house, giving a weekly chronicle of musical and dramatic events on the American Continent.

LONDON AND PARIS LETTERS—From able correspondents, giving a weekly review of the principal events of the English and Continental stages.

LATEST NEWS—Including news by telegraph and cable despatches up to the time of going to press on Thursday of each week.

TRAVELING COMPANIES—FREUND'S WEEKLY list of advance dates is the most complete list of the kind published, because it is edited with the most care. It is only necessary to know the character of the entertainment to find it in its proper department. FREUND'S WEEKLY list is the only one published and (copyrighted) in which the attractions are classified according to the character of the entertainments given, indexed alphabetically, according to the initial letter of the last name of the star being always used, or the initial letter of the attractions "featured," as follows:

I. Italian, German and French opera and concert companies of the first class.
II. English opera companies.
III. Minstrel troupes and other musical entertainments.
IV. Musical, Comedy and Burlesque companies.
V. Specialty combinations, booked only in first-class theatres.
VI. Melodrama, Spectacular and Pantomime companies, in which mechanical scenery, etc., form a principal feature.
VII. Dramatic companies, of which the principal feature is the star.
VIII. Dramatic companies, in which the play is featured, or, if playing more than one, indexed according to the name under which the company is advertised.

This list is invaluable for local managers and representatives of hotels and transportation companies, who will find it the most complete and correct list published.

LIZZIE MAY ULMER,

IN THE GREAT NEW ENGLAND SOCIETY PLAY,

"DAD'S GIRL,"

Written Expressly for her by Mr. E. J. SWARTZ.

"She holds the keys to the Gates of Laughter and the Portals of Pathos."—*St. Louis Republican.*

There are few, if, indeed, there are any actresses on the American stage who have struggled for supremacy with more patience and determination than has LIZZIE MAY ULMER, and there are few, if, indeed, there are any who have entrenched themselves so firmly in public esteem. A career begun with modesty, but with a high resolve to advance—characterized throughout by the absence of ostentation; steadily strengthening itself in popularity by the force of unquestioned talent and the magnetism of a sympathetic nature—has at length reached the harvest of success. Miss Ulmer has triumphed, and to-day holds a place among the leaders of her profession.

The wonderful OFFICIAL Report, being the basis of the U. S. Centennial award decreed to

ALBERT WEBER, New York,

— FOR —

GRAND, SQUARE AND UPRIGHT PIANOS.

REPORT.—"For **sympathetic, pure and rich tone, combined with greatest power** (as shown in their Grand, Square and Upright Pianos). These three styles show intelligence and solidity in their construction, a pliant and easy touch, which, at the same time, answers promptly to its requirements, together with excellence and workmanship."

A. T. GOSHORN, Director-General. J. R. HAWLEY, President.

Attest. [Seal.] J. L. CAMPBELL, Secretary.

☞**CAUTION.**—Beware of unscrupulous advertisers, who are trying to palm off a *certificate of private individuals*, consisting of renowned professors of Universities and Colleges, Chemists, Astronomers and Engineers, as a Centennial Award on Pianos.

The Weber Grand Piano reached the highest average over all competitors, 95 out of a possible 96; next highest on Grand Piano at 91.

Call and see the **Official** report at the Weber Rooms, and hear the Weber Pianos, which stand to-day without a **rival** for **"Sympathetic, pure and rich tone, combined with greatest power."**

Freund's Weekly,

A Review of Music and the Drama,

PUBLISHED EVERY SATURDAY

At 835 BROADWAY, NEW YORK.

JOHN C. FREUND, - - - Editor.

ITS PRINCIPAL AIM.

While it is read by the most intelligent and refined members of the dramatic profession, FREUND'S WEEKLY reaches a very large class of musical people who do not read any other dramatic paper. While it aims to be, above all, a **NEWS**paper, it rejects the scandals of the profession, which can only be enjoyed by those who wish to degrade the stage or see it brought into disgrace. It deals fearlessly and without favor with all subjects relating to the kindred professions. By excluding from its columns coarse abuse, vulgar praise and the prurient sensationalism of the daily press, it aims by example to elevate the standard of public taste by dealing with artists solely in their relation to art. It is only necessary to compare it with other papers of its class to convince intelligent and refined readers—the only class it caters for—that it contains the best features of all without those which disgrace dramatic and musical journalism.

ITS PRINCIPAL FEATURES.

COULISSES CHAT—FREUND'S WEEKLY makes a special feature of musical and dramatic **NEWS**, both original and selected, covering every important city in the United States, Canada and Europe, carefully classified under the following departments:

I. MANAGERS AND AUTHORS, identified with the profession who do not appear upon the stage.
II. MUSICAL NEWS, concerning all combinations, except those identified with the dramatic stage.
III. DRAMATIC NEWS, including minstrel troupes and specialty combinations of the best class.
IV. THE FOREIGN STAGE, including both the lyric and spoken drama.

CORRESPONDENCE—Covering every city and town in the United States and Canada possessing a theatre or opera house, giving a weekly chronicle of musical and dramatic events on the American Continent.

LONDON AND PARIS LETTERS—From able correspondents, giving a weekly review of the principal events of the English and Continental stages.

LATEST NEWS—Including news by telegraph and cable despatches up to the time of going to press on Thursday of each week.

TRAVELING COMPANIES—FREUND'S WEEKLY list of advance dates is the most complete list of the kind published, because it is edited with the most care. It is only necessary to know the character of the entertainment to find it in its proper department. FREUND'S WEEKLY list is the only one published and (copyrighted) in which the attractions are classified according to the character of the entertainments given, indexed alphabetically, according to the initial letter of the last name of the star being always used, or the initial letter of the attractions "featured," as follows:

I. Italian, German and French opera and concert companies of the first class.
II. English opera companies.
III. Minstrel troupes and other musical entertainments.
IV. Musical, Comedy and Burlesque companies.
V. Specialty combinations, booked only in first-class theatres.
VI. Melodrama, Spectacular and Pantomime companies, in which mechanical scenery, etc., form a principal feature
VII. Dramatic companies, of which the principal feature is the star.
VIII. Dramatic companies, in which the play is featured, or, if playing more than one, indexed according to the name under which the company is advertised.

This list is invaluable for local managers and representatives of hotels and transportation companies, who will find it the most complete and correct list published.

TERMS.—Single Copies, ten cents; Subscription, One Year, in advance, three dollars.

THE CELEBRATED

SOHMER

Grand, Square and Upright

PIANOFORTES

ARE PREFERRED BY LEADING ARTISTS.

The demands now made by an educated musical public are so exacting that very few Pianoforte Manufacturers can produce Instruments that will stand the test which merit requires. **SOHMER & CO.,** as Manufacturers, rank amongst this chosen few, who are acknowledged to be makers of standard instruments. In these days, when many Manufacturers urge the low price of their wares rather than their superior quality as an inducement to purchase, it may not be amiss to suggest that, in a Piano, quality and price are too inseparably joined to expect the one without the other.

Every Piano ought to be judged as to the quality of its tone, its touch and its workmanship; if any one of these is wanting in excellence, however good the others may be, the instrument will be imperfect. It is the combination of these qualities in the highest degree, that constitutes the perfect Piano, and it is this combination that has given the **"SOHMER"** its honorable position with the trade and the public.

Musical authorities and critics prefer the **"SOHMER"** Pianos, and they are purchased by those possessing refined musical taste and appreciating the richest quality of tone and the highest perfection generally in a Piano.

THE SOHMER PIANOS ARE USED IN THE FOLLOWING INSTITUTIONS:

N. Y. College of Music,
Villa de Sales Convent, Long Island,
Vogt's Conservatory of Music,
N. Y. Normal Conservatory of Music.
Villa Maria Convent, Montreal,
Philadelphia Conservatory of Music.

And most all the leading first-class theatres in NEW YORK AND BROOKLYN.

Received First Prize Centennial Exhibition, Philadelphia, 1876.
Received First Prize at Exhibition, Montreal, Canada, 1881 and 1882.
